

Grapefruit Seed Extract

Grapefruit Seed Extract is rich in polyphenols especially limonoids and naringenin. Derived from the seeds of the *Citrus paradisi* fruit, the bioactive compounds are extracted from the seeds using only water and ethanol, and never any chemical extraction agents to create a supplement that is better for you and the planet.

Effective components of grapefruit seed may contribute to microbial balance of body organs and tissues. This supplement contains a highly concentrated grapefruit seed extract, providing 400mg in each easy-to-take vegan capsule.

Contains 100% active ingredients formulated by expert nutritionists with no artificial fillers and no nasties. Sourced according to Viridian's strict ethical criteria including no animal testing, GMO or palm oil.

Key Features:

- Grapefruit seed may contribute to the microbial balance of the body's organs
